

Your WEDDING DAY

should make your *heart race* with excitement

HEREFORD
RACING & EVENTS

#hrcweddings

Hereford Racecourse sits north of the beautiful city of Hereford, against the stunning backdrop of Hereford Cathedral and the Welsh mountains beyond. It makes for the perfect wedding location.

We understand exactly how important your Wedding is because our dedicated team has helped plan, organise and deliver so many. We ensure that every detail fulfils your dream of having a magical and memorable day and that your family and friends enjoy the occasion (nearly!) as much as you do.

SPECIAL MOMENTS

that *celebrate* your love today and life ahead

Hereford Racecourse offers a wonderful variety of rooms and space which can be included and tailored to suit your Wedding Day dreams and budget. From intimate to luxury, buffet to waiter service, outdoor drinks on the beautiful lawns to photos on the balcony we have it all covered.

If you have particular and specific needs, they can be accommodated too. Have you thought of displaying the wedding cake in the middle of the room, placing your own Wedding Favours at each table, seating plans, serving your favourite wines - or our local ciders, raceday tickets for guests, canapes at the beginning or luxury cheeseboards at the end.

How about a party in the Paddock? Pictures of the Bride and Groom at the Finishing Post? (In fact, there is plenty of room for everyone!)

At Hereford Racing & Events, we understand that some couples may have an unlimited budget whilst others may be more cost-conscious. Either way, we will work with you to fulfil your wedding day dreams and ensure a memorable occasion you deserve. For these reasons, we offer three dedicated Wedding Packages for you to choose from.

And don't forget that a raceday at Hereford Racecourse is brilliant fun for a Stag and Hen parties, the Rusty Bridge restaurant is a marvellous place to hold wedding anniversary celebrations later ... and we can also organise a party or dinner to mark the renewing of your wedding vows in the years to come.
